INGREDIENTS

Whole Egg Whites Water Egg Whites Non-Fat Dried Milk Corn Oil Xanthan Gum Citric Acid Annatto

HANDLING AND STORAGE

- Stored at 0° to -5°F frozen eggs can be held up to a year.
- Defrost only as much as needed, in unopened containers, in refrigerator or under cold running water. Use defrosted product immediately.
- Cooking Instructions: Shake bag thoroughly before using. Place in steam jacketed kettle ¾ full. Heat water to 180° - 190°F. Place bags (frozen or thawed) in hot water. Cook eggs 20-25 minutes if frozen, 15-18 minutes if thawed. Removed bags at approximately 10 minutes into cooking; knead/massage and return bag to kettle to finish cooking. Remove bag when egg is cooked. Caution: Will be hot. Slit bag, stir and serve. Season to taste.

All of our egg products are KOSHER and are produced under the continuous supervision of the USDA from Official Plant #1105.
